Bronze

This is an extremely durable alloy, capable of withstanding the elements. Its rich, warm tones impart an air of elegance to any surrounding.

Aluminum

The virtues of aluminum are its light weight and innate casting qualities. Aluminum can be finished in a variety of ways to complement any environment.

Background textures

All of our plaques are cast with a background texture. If none is specified, leather will be used.

LEATHER

FINE PEBBLE

(Not available for plaques larger than 24"x 30")

WOODGRAIN

(Not available for plaques larger than 48"x 30")

Painted finishes

Standard colors are used to complement the satin highlight finish of all raised portions of our plaques. For custom colors, pricing, and sample requirements, contact our Customer Service Department. All plaques receive a baked-on, clear, protective coating to inhibit oxidation.

NOTE: MINOR VARIATIONS IN COLOR MAY OCCUR FROM PLAQUE TO PLAQUE.
